READING

7 **Read the letter.**

Dear Future Student,

My name is Sebastian Ibarra, and I'm a student at Forest Middle School. I'm 14 years old. Today is Friday, March 6. Our school project is to write letters to students who will study at our school in 25 years. I'd like to tell you about my experiences.

Today, I had math and science class. Now, I'm in English class, and after lunch, I'm going to have French class and art. This afternoon, our basketball team, the Giants, is playing against the Lakeview Academy Wildcats. And tomorrow, I'm meeting my friend Keisha to study. She's in my math class – there's a big math test next week!

What else? I'm in a band – Green Fire – with my friends Josh and Rowan. We're playing in a concert in May! And like most students, I love listening to music and watching series, like *Bob's Burgers*.

After reading this letter, tell me: Is school the same, or really different? What classes do you have?

Good luck with everything!

Sincerely,

Sebastian
