Reading and Writing Test

Name: ..... Class: .....

2 **Look at the picture and read the story. Write some words to complete the sentences about the story. You can use 1, 2, 3 or 4 words.**

My father's grandfather

My name is John Paul. My father's grandfather was called John too, but his second name was Simon. Our surname is Banks. John Simon Banks was a sailor many years ago. Dad has told me lots of exciting and strange stories about him. He went to work on a ship because he didn't want to be a farmer. His parents were sheep farmers and worked very hard for little money.

John Simon started his first job on a ship when he was only 15 years old. He had to clean the ship's cabins, and he helped the cook in the kitchens, too. His first ship didn't have an engine. A lot of ships at that time only had sails. Sometimes, he had to climb to the top of the mast, even when the weather was stormy. Later, he became an engineer on a ship that sailed from America to India and China. He finally became the captain of an Australian ship when he was 40. The ship was called *Sea Lion*.

In our living room we have a barometer. It is the one from the *Sea Lion*. My grandfather gave the barometer to my dad, and my dad is going to give it to me when I have my own house. It still works, so I always know what is going to happen to the weather.

Examples

John Paul's surname is ...Banks.....

John Paul has heard .exciting. and .strange. stories about John Simon from his dad.

1 John Simon's father was a .....

2 When John Simon was 15, he worked in the ship's ..... and kitchens.
